

CITROËN CONNECTED NAVIGATION

WHAT IS CONNECTED NAVIGATION ?

Citroën's connected Navigation offers **real time connected services and voice recognition**. It's designed to make your journey easier and safer with LIVE Traffic, re-routing and useful information such as fuel price stations, parking availability. A useful speedcam feature is also part of connected services which notify you of speed cameras along your route.

Citroën offers a **3 years subscription free of charge** at car purchase. In order to take the best of your navigation system, we recommend you to update the map regularly

6 CONNECTED SERVICES

**TOMTOM
TRAFFIC**

FOR FASTER JOURNEYS

Always know the fastest route with real-time TomTom Traffic information. Data is updated every 30 seconds. 99% of roads are covered.

**TOMTOM
SPEED
CAMS**

TOMTOM SPEED CAMS ALWAYS ALERTS YOU on the speed cameras to prevent you from exceeding the limit*.

PARKING

FIND A PARKING LOT

Don't spend hours going round in circles. Parking assist will find your closest parking lot and indicates the number of places available and the prices.

FUEL

HASSLE-FREE REFUELING

Search for service stations on the way or close to your destination and compare the fuel prices.

SEARCH

SEARCH, FIND, GO

As you enter the first few letters, TomTom's Quick Search searches through the address and points of interest databases in the search engine.

WEATHER

DON'T LET THE WEATHER CATCH YOU OUT

Don't let the weather ruin your journey. Find out how the weather will be like at any time during the day.

*In France only the Danger Zone Alert is available, while in Germany and Switzerland the Speed Cams are not available.
